

Experience Sound in a New Dimension

- > **A Difference You Can Hear**
- > **Worldwide Playback Compatibility**
- > **Studio-Grade Recordings at Home**
- > **Long Life - 100 Years**

--> Superior Sound Quality

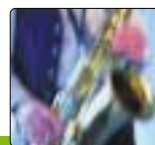

MAM-A Digital Audio CD-R 74 and 80 minute discs are audio-only CD-R discs designed specifically for use in home audio systems. MAM-A Digital Audio CD-R Discs for consumers are manufactured with our patented Phthalocyanine dye, providing the long life you are used to from MAM-A, while also delivering a warmth in sound reproduction that is second to none.

--> Create Professional Quality Originals

Consumers can create and archive custom CD's up to 74 or 80 minutes of their favorite recordings or professional-quality originals of their own. Once recorded using a consumer CD recorder, MAM-A Digital Audio CD-R discs may be played back on all existing CD audio players, including home decks, car stereos and personal CD portables.

--> Hear the Difference for Years

Like all MAM-A recordable media, our Digital Audio CD-R discs come with a lifetime warranty and are highly resistant to environmental stress. Simulation tests under conditions of extreme heat, UV exposure and humidity have shown the lifetime of a MAM-A Digital Audio CD-R disc to surpass 100 years, exceeding all conventional audio CD's.

100% Accuracy, even after 200 days sun exposure

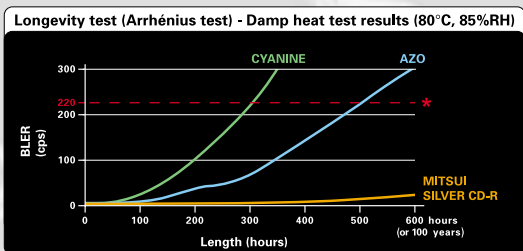

Diamond Coat™ Protection

→ MAM-A Digital Audio : 100% MAM-A

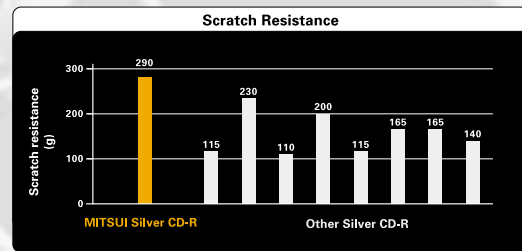

As one of the original manufacturers of CD-Rs, MAM-A has a long history of innovation and excellence in recordable media production. MAM-A, a global leader in the CD-R industry has manufacturing facilities in the USA and France. Because MAM-A CD-R's are made from the company's own raw materials, discs benefit from a consistency and process control which no other manufacturer can equal.

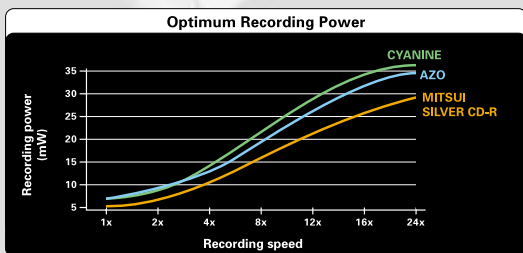

→ Technical specifications

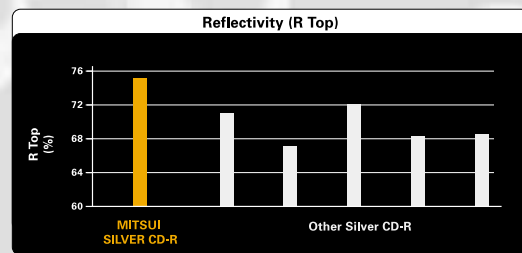

Mitsui CD-Rs offer long term storage integrity.

Highly durable Diamond Coat protective surface makes Mitsui CD-Rs highly resistant.

Mitsui CD-Rs require less recording power, thus expand the lifetime of your recorder.

Mitsui's Phthalocyanine Dye and silver reflective layer for best performance.
